

# Optimum 1000 PORTABLE LIFT

## About the Optimum 1000

The Optimum 1000 is a high quality and reliable mobile platform lift designed to work internally or externally. At only 53kg it can easily be moved into position to offer the perfect solution to awkward access situations.

Ideal for corporate events, schools, theatres and stages, the Optimum 1000 has a safety access ramp fitted to the leading edge that will raise by 100mm when the lift is in use to restrain wheelchairs. A handset on a spiral cable is provided and the unit is finished in Grey RAL 7035.

## Options

A range of options and special RAL colours are available, please call us to discuss your requirements in more detail.
